

Have fun, remember Safety!

Safety in the water is paramount, but following some simple rules can help you avoid the most common problems.

1. Only go snorkelling if you can swim.
2. Practice in shallow water first - better still take a snorkelling course.
3. Check the equipment carefully and know how it functions.
4. Learn how to clear water from the snorkel.
5. Learn how to take your mask off and put it back on when you tread water.
6. Be careful not to swim, or be carried by a current too far from shore or the boat.
7. Never snorkel alone.
8. If you are not overly confident in the water, wear a buoyancy aid like a snorkel vest.
9. Know local weather conditions. Make sure the water and weather conditions are safe.
10. Exit the water if a storm approaches. Water conducts electricity well, you dont!

For further information visit our website and click on our advice pages for extensive snorkelling tips from the professionals.

Simply Snorkel is proud to sponsor the Dorset Wildlife Trust and we are pleased to be associated with the Purbeck Marine Wildlife Reserve, one of the country's longest established voluntary marine nature reserves which shares our commitment in supporting the marine life in the mild, shallow waters of Kimmeridge Bay.
